

DECLARATION OF COMPLIANCE

TO WHOM IT MAY CONCERN PRODUCT: **SANITAS ALUMINIUM TRAYS (ALL SIZES)**

We, GR SARANTIS SA, certify that the product mentioned above, complies in all respects with the requirements of the following:

- EC Regulation framework 1935/2004, on materials and articles intended to come into contact with food.
- EC Directive 94/62 and its amendments, on packaging and packaging waste.
- EU Regulation 2023/2006 on Good Manufacturing Practice for materials and articles intended to come into contact with food.
- EC Regulation 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).
- EN 601:2004. Aluminum and aluminium alloys. Castings. Chemical composition of castings for use in contact with foodstuff.
- EN 602:2004. Aluminium and aluminium alloys. Wrought products. Chemical composition of semi-finished products used for the fabrication of articles for use in contact with foodstuff.
- EN 546-2:2006. Aluminium and aluminium alloys. Foil. Mechanical properties.

Raw material(s) identity:

Raw material:	ALUMINIUM ALLOY 3000/8000 series (suitable for food contact)
---------------	---

Information about substances, subjected to restrictions in food:

Total heavy metal concentration: less than 100ppm.

Specifications on the use of product:

Suitable for food contact, except aggressive food in terms of excessive acidity, salt concentration, or alcoholic character. Aluminium in contact with such food and under heating, may lead to aluminium corrosion.

Suitable for food contact at ambient and freezing temperatures.

Suitable for food contact at high-temperatures (up to 250°C).

Not suitable for use in microwave oven.

Contact with electric current must be avoided.

Storage conditions:

The products must be stored in dry places, away from humidity.

Manufacturing and packaging are carefully controlled and inspected, using procedures specified by a Formal Quality System, which conforms to the requirements of EN ISO 9001:2008.

The products are not harmful for humans if used correctly, according to their instructions for use.

The present declaration is valid, when the product is used in the above described and specified conditions, provided that its handling and storage conditions are also appropriate for the preservation of the product's specific characteristics.

The present declaration is addressed to your company and it is valid only when signed by us.

The Declaration of Compliance is valid as of the date specified below and it will be replaced only in case of any change in used substances, or when the relevant legislation is modified and updated in such a manner, so that a new evaluation of the Declaration of Compliance is required.
